# Notes

1. We suggest that you speak to one of our assessment officers if you have any questions while completing this application form.
2. An up to date copy of land title is to be provided for each land area where water is to be used and where pumps or dams are located
3. Licensed water use. Only one use for the water can be selected. The descriptions below may help you select the correct one.
4. If you require a licence that involves using water for more than one purpose, you will need a separate licence for each purpose.
5. Licences to take and use water belong to the person and not the property. Therefore SRW is unable to formally register interests by any third party, including mortgages.
6. Application fees received with this application may be non refundable or only partially refundable should you decide to opt out of the process at any time after we receive this application form. We recommend that you discuss this proposal with an SRW Assessment Officer before submitting your application.
7. Incomplete applications will be returned to the licence holder. No action will commence until a complete application is received by us.
8. If this application also requests a variation of diversion or extraction volumes, we may need to reassess your proposal considering the volumes requested. If the change in abstraction rates increases the risk of environmental concerns or interference risk to other water users, you may be asked to pay an additional application fee to modify the licence. Assessment may include referring your application to other agencies, advertising the proposal and notifying neighbours. You may also be required to submit an environmental or hydrogeological assessment report (technical information which will require analysis by SRW) and a water use plan to support your proposal.
9. If your application is approved, your water usage may be metered. SRW will supply a water meter at cost and you can choose to have it installed by a SRW contractor or by a contractor of your choice. As licensee, you pay installation costs. SRW must inspect the completed installation for compliance to standards and specifications. All meters remain the property of SRW. Please contact SRW on 1300 139 510 for further information on metering.

## Southern Rural Water's Privacy Statement

Southern Rural Water (SRW) is a Victorian Government Rural Water Corporation.

SRW values and protects the personal information it collects from customer water entitlement or related applicants in line with our business responsibilities, and has always demonstrated a strong culture of protecting the confidentiality of personal information. SRW only collects the information necessary to conduct our business or provide a service to the customer, and essential personal information such as a customer name, address or telephone number is not released outside SRW without customer consent unless reasonably required for related government business such as council rate processes or requested by lawful orders.

Our responsibilities demand sustainable management of water resources and nurturing of the businesses, communities and environments that support and depend on them. In this regard, SRW adopts a transparent approach to the management of water resources and entitlements that balance the open disclosure of generally collected customer related water entitlements (such as usage types, waterway, area and volume details) with the non-disclosure of personal information.

SRW will take all reasonable steps to ensure that the management of personal information collected and disclosed complies with the Water Act 1989 requirements and privacy principles. Any individual is able to gain access to their information.

## Privacy Complaints

If you consider that your privacy has been breached or interfered with, you should contact the SRW Privacy Officer at PO Box 153, Maffra Vic 3860, or phone SRW on **1300 139 510**.

## More Information

If you want help with your application or more information on Surface Water Licences, visit our website at [www.srw.com.au](http://www.srw.com.au) or phone Southern Rural Water on 1300 139 510 and ask for the Surface Water Fact Sheet or speak to an Assessment Officer.

## Disclaimer

Southern Rural Water will use the information provided in this Application Form to act on and/or make a Surface Water Licence decision. Should this information be incorrect or change, we may take steps to revoke any licence granted and require you to submit a new application together with the applicable fee.

# Annexure 1

Copy this annexure and attach to application if there are more applicants than provided for.
