

Policy – OH&S

Preamble SRW will publish this policy on our website. The policy statement will be placed on noticeboards and made available to all employees and contractors working for SRW, demonstrating our commitment to safe and healthy work.

The statement explains:

- Who is responsible for safety;
- What we do in regard to safe systems and practices; and
- How we go about working in a safe and healthy manner at SRW.

**OH&S Policy
Statement**

Each of us is responsible for safety.

The health, safety and the welfare of our staff, contractors, visitors and communities is our top priority.

We will provide a safe and healthy working environment by:

- understanding our risks, and removing them where practical, or reducing them through our actions.
- maintaining effective safety management systems, and continually reviewing the way we work to find and apply safer practices. We are focused on reducing injuries and illnesses.
- meeting our legislative responsibilities and achieving good industry practice.

Definitions

Nil

**Effective date
and review
date**

This policy takes effect on 6 February 2015, replacing the policy developed in November 2009 and updated in November 2011.

It is due for review again in February 2018, or earlier if required.

**Who is
affected**

This policy applies to all staff and contractors working for SRW.

Rationale

The purpose of this policy is to comply with industry best practice.
