

Native Vegetation Offset Credit Site

Credits available to buy

Southern Rural Water (SRW) has established a native vegetation credit offset site adjacent to Lake Glenmaggie in the West Gippsland Catchment Management Authority region. SRW is offering native vegetation offset credits for purchase by third parties requiring offsets for the lopping, removal or destruction of native vegetation.

SRW has established the offset site under Section 69 of the Conservation, Forests and Lands Act 1987. SRW has also entered into a Landowners Agreement with Department of Environment, Land, Water and Planning.

Location

Address:
**Lot 1 (TP879531), Sandy Point Road
Glenmaggie, VIC, 3858**

Local Government Area:
