

## **SRG MEETING 4: BRIEFING PAPER**

# **Water Resource Risks in the Maribyrnong and Moorabool Catchments**

September 2025

# SRG Meeting 4 Briefing pack

## 1 Meeting purpose

The fourth meeting of the Stakeholder Reference Group (SRG) will aim to cover two project areas; a recap of the online modelling session followed by an overview of the modelling results, and presentation of the risk assessment and its results.

The recap of the online modelling session and presentation of modelling results will be given by HARC. Alluvium will present the results of the risk assessment and how the modelling applies – stages D and E as shown in figure 1.

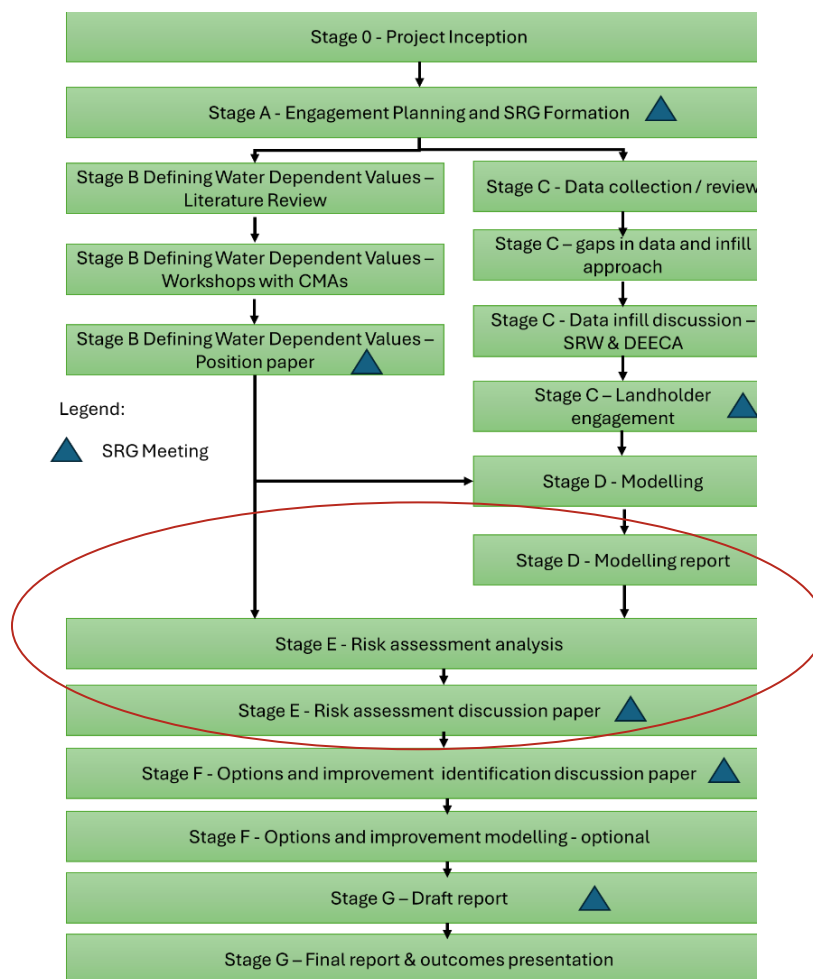

Figure 1 Project plan

## 2 Agenda

A planned agenda is shown below. Though this is the expected plan for the day, note that this is subject to change.

**Table 1 Meeting 4 Agenda**

Stage	Time	Lead
Welcome and Acknowledgement of country	5 min	Chair
Agenda and context for the day	5 min	Chair & SRG
Recap of modelling overview session	10 min	HARC
Modelling results	20 min	HARC
Modelling discussion	15 min	Chair
Group discussion	25 min	Alluvium
Tea Break	10 min	All
Final modelling comments	5 min	Chair
Risk assessment presentation	20 min	Alluvium
Risk assessment results discussion	10 min	Chair
Group discussion	15 min	Alluvium
Next steps	5 min	Chair
Meeting close	5 min	Chair

Note: we will endeavour to hear all viewpoints during the session but will also provide opportunity for feedback via email afterwards.

### 3 Attachments

2 attachments have been included in this briefing pack:

- Hydrologic modelling results
- Risk assessment results

### 4 Next Steps

Following the SRG meeting, minutes will be circulated for comment prior to being made available on the project website.

The next phase of work will focus on water management opportunities and improvements, with the next SRG meeting planned for 1 October 2025.

**Table 2 - Indicative SRG meeting plan**

<b>SRG Engagement</b>	<b>Project Stage</b>	<b>Indicative timing</b>	<b>Purpose</b>	<b>Status</b>
<b>SRG Meeting 1</b>	0 – Project Inception	December 2024	SRG inception	Complete
<b>SRG Meeting 2</b>	B – Water Dependent Values	March 2025	SRG input into the water dependant values of the catchment	Complete
<b>SRG Meeting 3</b>	C – Modelling	May 2025	Briefing and discussion on the project modelling	Complete
<b>SRG Meeting 4</b>	E – Risk Assessment	September 2025	Discussion on the modelling outputs and the risks to values	This session
<b>SRG Meeting 5</b>	F – Water management opportunities and Improvements	October 2025	Opportunities for addressing the risks identified	
<b>SRG Meeting 6</b>	G – Reporting	November 2025	Final discussions on the project outputs and findings.  Closure of the SRG
